

CLINA X 08AF Br

- 1 ply - Brown PU
- Total thickness: 1.20mm
- FDA Food quality
EU Food (Regulation 1935/2004)
- Embossed top cover (**A pattern**):
 - Avoids chocolate accumulation at the base of the product, improving its finish.
 - Improves the product alignment on the belt.
 - Easier product transfer.
 - Reduces time spent in belt cleaning (less chocolate deposits).
- Excellent longitudinal flexibility (knife edges) and transversal stability: the belt remains stable on the conveyor, making alignment easier.
- Application: cooling tunnels after exit from chocolate robbing.
- Good on conveyors with light slope (up to 15°).
