

TUBUL SERIES

Truly endless -seamless- sleeves (Endless wool felt belt)

TUBUL belts are the truly endless felt belts. They have no seam or joint at all, but are endless. Excellent for conveying and handling industrial bread and cake-making dough, as they are made from 100% WOOL, giving them their non-adherence properties.

They keep constant the degree of humidity of the dough.

TUBUL belts have been certified by the **AITEX / AINIA** Institute of Textile Technology as suitable for contact with bread dough foodstuffs in accordance with the provisions of both Spanish and European regulations governing materials and articles to come into contact with food.

T35	Food Industry	Croissant forming machines Bread forming machines headstocks Automatic oven feeders
	Textile Industry	Larding of cotton
T6	Food Industry	French bread forming machines
	Textile Industry	Polisher of filaments in FIPEL Machine

FEATURES

Description	Composition	g/m2	Thickness mm (*)
T35	100% wool	1,700	3,5
T6		2,700	6

(*) Tolerance of +/- 10%

MANUFACTURING - Truly endless sleeves

T35	From 380 mm length to 1000 mm length, we can offer a maximum width of 1700 mm
	From 1000 mm length to 1200 mm length, we can offer a maximum width of 2500 mm
T6	From 1010 mm length to 1350 mm length, we can offer a maximum width of 2000 mm

Minimum width: 20mm
